Clean The World initiative work with 8,000 hospitality partners to recycle soap and bottled amenities discarded by hotel guests. We distribute these soaps and other donated hygiene products to people without access to soap to help prevent the millions of deaths caused by hygiene-related illnesses every year.

20 million pounds of waste diverted from landfills since 2009.

Recycling from 1,100,100+ hotel rooms daily

50 million+ bars of soap distributed to 127 countries

5 million+ hygiene kits distributed

2 million+ pounds of plastic recycled

3,430,000+ pounds of bottles re-purposed for hygiene kits

We contributed to a **60% decrease** in the number of hygiene-related deaths for children under 5 since 2009
